# WEB DESIGN CERTIFICATE

### PROGRAM THE CERTIFICATE IS A PART OF

Computer Programming and Information Systems Degrees

### JOB OPPORTUNITIES FOR GRADUATES

Web development skills are in high demand. US News and World Report ranks a Web Developer as #9 best job in 2014. Owens Community College has designed an innovative program for working adults seeking to advance their careers and gain valuable web design skills. Work as a web developer, web administrator, or computer user support specialist.

This certificate is especially beneficial for those interested in the role of company Web developer or for a small business employee wanting to design web pages. This certificate emphasizes the graphic and technical skills needed to create fast loading, visually appealing Websites to meet business or personal goals.

### SALARY

The Bureau of Labor Statistics projects up to a 21% increase in employment growth in this field between 2010 and 2022. The salary can be as high as $40,000.

Web developer - growth 15-21%
Web administrator - growth 3-7%
Computer User Support Specialists - growth -15-21%

### ACCREDITATION

Accounting programs are accredited by the Accreditation Council for Business Schools and Programs (ACBSP).

### LOCATION

Online
Toledo-area Campus

### OTHER INFORMATION

Some courses in this certificate may require students to take online courses.

The Information Systems Department works closely with local businesses and organizations to secure internships and employment opportunities for students and to assure program courses are relevant with current business practices and technology. Students have the option to complete a 150 hour co-op work experience.
