

CERTIFICATION TO ENHANCE YOUR SKILLS.

SONOGRAPHY CERTIFICATE

The Sonography Certificate is designed to provide an opportunity for recent sonography graduates or registered sonographers to complete the requirements for eligibility to sit for the ARDMS registry exams.

QUALIFIED APPLICANTS MUST BE ONE OF THE FOLLOWING:

- A graduate of a CAAHEP accredited sonography program
- A sonographer registered through ARDMS, ARRT, or CCI seeking additional ARDMS credentials

ENROLLED STUDENTS MUST:

- Achieve a "C" or better in all program courses
- Follow all program requirements as stated in the Sonography Procedure Manual

ACCEPTANCE IS BASED ON CLINICAL SITE AVAILABILITY.

If requested, the Program Director will work with the prospective student to acquire additional clinical sites. A signed affiliation agreement is required for clinical placement. Prospective students should be aware that the process to complete signed affiliation agreements can take several months.

This certificate is financial aid eligible.

CLINIC

Students are required to complete approximately 500 hours of clinical education for completion of the certificate. The certificate is set up to allow for additional Directed Practice courses to meet competency requirements, if needed. Students will be in clinic for an average of 32 hours per week. Clinical Education is usually conducted on four weekdays, from approximately 8:00 am - 4:30 pm. There may be some flexibility depending on the clinical site and special situations may be approved as long as the student is meeting the requirements of the course. Students should note that there may be travel requirements of up to 75 miles, possibly more, from the Owens State Community College Toledo-area campus for the clinical site rotations.

Upon successful completion of the Sonography certificate, the Program Director will sign the ARDMS CV form, if required.
