Yesterday – Empowering the community since 1965.

Our Vision

Owens Community College will be the connector between people, industry and dynamic growth in the Region. By creating solutions to the education, training and workforce needs of the Region, we will be an indispensable partner and a first choice to students, employers and the northwest Ohio community.

Our Mission

Owens Community College is the conduit to changing lives for the better in northwest Ohio. Through affordable, accessible, high quality education and training, and connecting with business and industry through relevant programs, we create pathways to a better quality of life and progress for the Region.

Computer and Information Systems

Computer and Information Systems (CIS)

High-performance labs include virtual machine building, Cisco hardware and Netlab access. A dedicated network allows faculty to simulate cyber threats, giving students hands-on security training. Students also earn industry certifications (CompTIA, Microsoft, Cisco).

Owens is not just teaching, it's doing, by equipping students for tomorrow's challenges.

Workforce Training

Designing flexible, high-impact training tailored to business organizations, delivered when and where they need it.

In 2024-2025, provided workforce training for more than

4,100 individuals.

Center for Emergency Preparedness

Preparing new public safety professionals for duty and serving existing public and private safety professionals with advanced continuing education and "train the trainer" education opportunities.

99.4%

The Ohio Peace Officers Training Commission (OPOTC) State Certification Exam pass rate for new law enforcement officers is nearly 100 percent.

Student Media Center

Offering hands-on experience in integrated media communications, giving students the opportunity to explore radio broadcasting, audio recording and production, digital journalism, photography, TV/streaming production and social media content creation.

Dana Center for Advanced Manufacturing Training

Equipped with **8** skilled trades labs to train tomorrow's workforce today.

Career Services

Hosted 3 program-specific career fairs and networked
with 113 employers, giving students access to nearly

640 job postings.

STATEMENT OF COMMITMENT: Owens Community College is committed to educating students by means of free, open, and rigorous intellectual inquiry. The College is committed to creating a community dedicated to an ethic of civil and free inquiry, which respects the autonomy of each member, supports individual capacities for growth, and the differences in opinion that naturally occur in a public higher education community. Owens Community College embraces its duty to equip students with the opportunity to develop the intellectual skills they need to reach their own, informed conclusions. The hallmark of an Owens education is to think critically, to question deeply, and to approach challenges not with preconceived answers, but with an open, inquisitive mind. This ability to think, not what to think, is the power of independent thought. How to analyze and to apply are what a student cultivates while at Owens. Furthermore, it is Owens Community College's duty to treat all faculty, staff, students—everyone, as individuals, to hold them to equal standards, and to provide them with equality of opportunity.
