

Owens Community College and EPIC Toledo Partnership

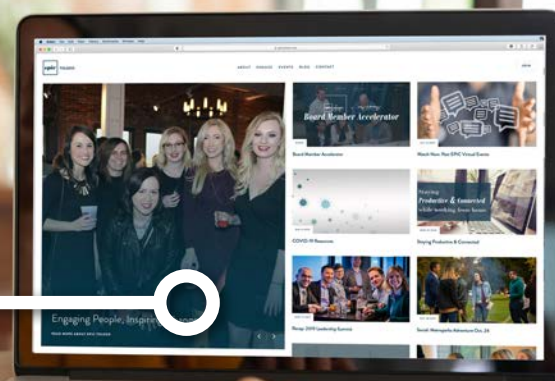

OWENS
COMMUNITY COLLEGE

TOLEDO

Learn more at
epictoledo.com

Owens has partnered with EPIC Toledo, Toledo's "largest young professional organization" to connect employees to the local business community for career development, mentorships, networking, new service opportunities, and more.

Owens students, faculty, and administrative/staff members between the ages of 20-40 can attend and participate in events like: the Leadership Summit, fun social events, and the T-Town Dash free of charge!

Sign up to receive updates by email or visit the events calendar at epictoledo.com to learn more. When you see an event you like, simply register using your Owens email address and confirmation will be sent to you. That's it!

If you do not fall in the age range for EPIC Toledo, don't worry! We are working on new events with our friends at EPIC Toledo to address the unique needs of other members of our Owens community. More information to come.

**If you are a student and have questions, please contact
your School's career management/internship manager:**

Peter Kowal

*School of Science, Technology,
Engineering and Mathematics*
