Information for the dealer:

Please mail the completed form to Transportation Technologies, Owens Community College, and P.O. Box 10,000, Toledo, OH 43699.

It is suggested that the following criteria be used when interviewing applicants:

In addition to meeting Owens Community College admissions requirements, applicants must secure approved Caterpillar dealer sponsorship. The purpose of the interview is to determine whether your dealership is willing to provide sponsorship for this applicant.

Education and Experience: Every applicant will have a unique background. Prior training or experience is not essential for success in the Caterpillar Service Technician Program but may be valuable in certain instances.

Scholastic Aptitude: Evaluate the applicant's potential to complete the academic work required for graduation. The applicant can supply the dealer with high school transcripts.

Employability: The applicant should be viewed as someone seeking permanent employment with your dealership. The Caterpillar Service Technician Program will help train your future technicians. You should consider this applicant as someone you could/would employ full-time once required skills are mastered; however, you are not bound to do so.

Career Interest: The applicant should express a strong desire to be a reliable and knowledgeable Caterpillar Service Technician. The potential applicant should be an individual who will assist you in meeting the needs of your customers in the future.
