

Transferology™

What is Transferology?

Transferology is a free online tool that helps students answer the question "Will my courses transfer?" by serving as a gateway to participating institutions' automated degree audit and transfer articulation systems. Many colleges and universities nation-wide participate in Transferology, and anyone can create a free account to view course equivalencies, see program requirements, request an evaluation of transfer work against a program of study, and find replacement courses.

Getting started is easy!

Visit transferology.com, click on 'Start Exploring' and follow the prompts to create an account. Once you've created your Transferology account, you will click on 'Sign in' to access your account in the future.

Will my courses transfer?

To begin finding transfer information, enter the courses you have taken, are currently taking, or plan to take in the future. Transferology can be used to evaluate how credits from another institution will transfer to Owens, or to evaluate how Owens credits will transfer to another institution. For this document, we will use the example of how courses taken at Owens will transfer to a 4-year institution:

Find a Replacement Course

Transferology also allows you to view replacement courses, which allows you to select a course at the school you currently attend and lists other institutions that offer the equivalent course. For this document, we will use the example of attending a 4-year institution and searching for a replacement course:

To find a replacement course, click on 'Find a Replacement Course' in the top right corner. Then, enter the 'School You Currently Attend,' the 'Department' of the course you need, and click on  to select the appropriate course. Click on 'Search for Matches' to view a list of schools that offer an equivalent course.
