

Degree Works – Certificate/Degree Audit

When you click on the Degree Evaluation link on the Education Planning card from Ozone, the Degree Works platform will automatically pop-up with your audit.

You will need to verify that your program of study and catalog year are correct. If your certificate/degree audit does not appear or you have an error, please contact your advisor for help. If you have more than one program declared, you can view your other audits by clicking on the **Program** drop-down arrow to access the others.

The screenshot displays the Degree Works interface. At the top, there is a navigation bar with 'DEGREE WORKS' and links for 'WORKSHEETS', 'EXCEPTIONS', 'PLANS', and 'ADMIN'. The main heading is 'Worksheets'. Below this, there is a search bar with fields for 'OCID', 'Name', and 'Program'. The 'Program' dropdown menu is highlighted with a red circle and shows 'Electrical Certificate 1'. Below the search bar, there is an 'Advanced search' section with filters for 'Level' (Undergraduate), 'Classification' (Sophomore), 'Major' (Electrical Certificate 1), 'Degree' (One year Certificate), and 'College' (Owens State Community College). There are also fields for 'Advisor' (Janice Skagg), 'Major Code' (ZECT), and 'GPA' (3.87). Below the search bar, there are tabs for 'Academic', 'What-If', 'Financial Aid', and 'Athletic Eligibility', along with a 'View historic audit' button. The 'Degree progress' section shows two progress indicators: 'Requirements' at 54% and 'Credits' at 47%. There are also checkboxes for 'In-progress classes' and 'Preregistered classes', and a 'Process' button. The bottom section shows the 'Audit date' (7/19/2020 1:19 AM) and links for 'Diagnostics', 'Student data', 'Save audit', and 'Delete audit'. The main content area displays the 'Certificate in Industrial Mechanic' audit, which is marked as 'INCOMPLETE'. The audit details include the 'Catalog year' (2019-2020) and a list of requirements. One requirement, 'Industrial Mechanic Requirements', is marked as 'Still needed' and links to the 'Certificate in Industrial Mechanic' section. Below this, there is a section for 'Blocks included in this block' which lists 'Certificate in Industrial Mechanic'.

Certificate in Industrial Mechanic INCOMPLETE

Credits required: 34 Credits applied: 28 Catalog year: 2019-2020
