General Information

Student Code of Conduct: All students are expected to follow Owens Community College's [Student Code of Conduct](#), which includes academic honesty, encompassing plagiarism. See the [Board Policy](#) for more information.

Anti-Discrimination and Harassment & Title IX/Sexual Misconduct: All students, faculty, and staff are expected to follow Owens Community College's [Anti-Discrimination and Harassment Policy](#) and the College's [Title IX Policy](#)/Sexual Misconduct Procedures and Guidelines. The College strictly prohibits and will not tolerate harassment, discrimination, intimidation, or hostile/offensive working or learning environments.

Religious Accommodations: A student seeking an accommodation for an absence permitted under Ohio's Testing Your Faith Act must provide the instructor with a written email notice with the specific dates for an absence, and must do so not later than fourteen (14) days after the first day of instruction. Alternative accommodations are not retroactive, and no academic penalty will be imposed for an absence under the policy*. The request for an alternative accommodation will be kept confidential. Students with questions about a religious accommodation under Ohio's Testing Your Faith Act may contact the College's Office of Academic Affairs: provost@owens.edu. The policy may be found on the Owens website: [3358:11-2-63 Accommodation](#) for a Student Absence for the Observance of Religious Beliefs and Practices Policy

Document Collection: Throughout the semester, your instructors may ask for a variety of assignments including tests and/or quizzes for student learning of institutional general education competencies or program assessment. Please save all your class materials until the end of the semester.

Classroom Admittance: OCC classes shall only be attended by the officially registered OCC students or prospective students, instructor of record, guest lecturer, or substitute. Visitors are not permitted to be in the classroom and should not be invited to attend or participate in the class. See [FERPA](#) regulations for more information.

Use of AI Tools: This course permits you to use artificial intelligence (AI) tools, such as chatbots, text generators, paraphrasers, summarizers, or solvers, to get guidance on assignments, as long as you do so in an ethical and responsible manner. Essentially, you can think of these tools as ways to help you learn but not to entirely create work for assignments like discussion board posts, essays, presentation slides, and so on. AI is more like your tutor or TA, not a replacement for your independent thinking.

This means that you must:

- Not use AI tools to replace your own thinking or analysis or to avoid engaging with the course content.
- Cite or explain any AI tools you use. Provide the name of the AI tool, the date of access, the URL of the interface, and the specific prompt or query you used to generate the output.
- Be transparent and honest about how you used the AI tool and how it contributed to your assignment. Explain what you learned from the AI tool, how you verified its accuracy and reliability, how you integrated its output with your own work, and how you acknowledged its limitations and biases.

You are accountable for any mistakes or errors made by the AI tool. Always check and edit the output before submitting your work. If you discover any inaccuracies or inconsistencies in the output after submission, notify the instructor immediately and correct them as soon as possible.

Using AI tools in an unethical or irresponsible manner, such as copying or paraphrasing the output without citation or transparency, using the output as your own work without verification or integration, or using the output to misrepresent your knowledge or skills, is considered a form of academic dishonesty and will result in a zero grade for the assignment and possible disciplinary action. If you have any questions about what constitutes ethical and responsible use of AI tools, please consult with the instructor **before** submitting your work.

If you have any questions about what constitutes ethical and responsible use of AI tools, please consult with the instructor before submitting your work.

Student Responsibilities & Instructor Expectations

Contact the Owens Help Desk **(567) 661-7120** if you are experiencing technical issues with your username and/or password or having navigational issues in Blackboard.

E-mail is the best method to contact me outside of student hours, which are listed above. I expect questions and that's okay. Don't hesitate! Reach out when you need to.

Email me with personal questions. You must use your Owens student email to ensure FERPA is followed.

*****I WANT YOU TO DO YOUR BEST IN THIS CLASS. IF YOU HAVE ANY QUESTIONS OR NEED ANY HELP, PLEASE CONTACT ME, SO I CAN ASSIST YOU. *****

Cheating will be governed under the provisions in the *College Catalog*.

Attendance Policy: Attendance for this web course is based on your logging into Blackboard and completing the necessary assignments. In order to receive attendance verification for this class for financial aid purposes, all assignments required for the first due date must be completed by that due date.

Class work, Homework, and Quizzes: Various assignments will be assigned at the completion of each chapter and can be found under the Assignments link in Blackboard.

You must use the Blackboard website to submit your files electronically to me. Assignments must be submitted using the Assignments section of Blackboard (unless instructed otherwise).

Late Work & Make Up Policy: Any assignment turned in late will earn half credit. **No assignments will be accepted two weeks after the date in which they are assigned. No assignments will be accepted after the last day of classes.**

Assessments: These will be completed in Blackboard.

NOTE: **DATE is the last day students can drop the course without receiving an official letter grade.** Please consult with your academic advisor prior to end of semester to review options.

Grading assignments: Assignments that are submitted by the due date will be graded and returned/recorded in the grade center before the next due date (within one week). Assignments that are submitted after the due date *may take up* to two weeks before being graded.

Answering emails: The best way to contact me is via email at **EMAIL**. I will do my best to respond to your emails within 24 hours on weekdays and within 48 hours on weekends.

- I check my email several times a day. (I will post on the Announcements on Blackboard, if I am not going to be able to check my email for extended periods of time during a day or days.) Phone messages left on my voice mail (The number on the on the front page of the syllabus) may be delayed due to office hours. Please only use your Owens email account to contact me.

Student hours: These posted times are designated for me to be available to meet with and assist you, outside of normal class time, with any concerns/questions you may have regarding this course or program.

Facilitating successful completion of the course: I welcome questions, concerns and experiences relevant to the topic, course and/or professional field. We learn from each other. If appropriate, I encourage you to share and ask during class. If it is not, please don't hesitate to see me during student hours or email me. If I feel that there is a need, I will reach out to the student or class as a whole to address that need. I will make referrals to other campus resources as needed. I am aware that life is happening and this class is not the only thing you have going on.

Read through the material, watch the videos, and practice the activities in this class. If you need study tips, Owens has resources to help get you off to a great start!
